CLASSROOM NEWS

COMMUNICATION ARTS:

We completed our first Non-fiction book groups and moved on to our study of fiction literature. We have been reading the fictional novel Tuck Everlasting. The class is doing a great job discussing and making predictions as we read this book. The children are also participating in fiction book groups with a focus on how characters change.

MATH:

We are studying how to divide using large numbers. For example, your child should be able to tell you how to divide $785 \div 15$. We are also working on estimating our answers to determine if our actual answers are reasonable.

SOCIAL STUDIES/SCIENCE:

We tested over Plant and Animal Classification and are moving on to our Native American Unit soon.

Important Reading Reminder:

*Students are encouraged to read 15 minutes each night. Please write down the amount of minutes they read each evening in their Reading Log. Students who complete this task will receive a classroom incentive and be eligible for an extra recess at the end of each month.
