Weekly Curriculum

Reading: Reading assessments are being given to each student. We are also setting up our reading workshop, and the expectations during reading time.

Writing: We are working on using correct capitals and punctuation in our writing. Students are making lists of topics to write about, and

Spelling: We are learning to spell compound words. The words are **herself, nobody, airplane, grandfather, someone, rainbow, anything, grandmother, everything, afternoon, sunshine, himself, anybody, something, and without.** Test will be Tuesday! Please study!

Math: Students are learning how to read and write numbers up to the hundred thousand. Students are writing numbers using base ten, standard form, expanded form, and word form. We will be working on ordering numbers from least to greatest and vice versa. We will also compare numbers. Please help your child with their weekly math work.

Social Studies: We are studying maps and the important components to maps. We will be learning the states and rivers around MO.

Please take a look at your child's Home/School Folder and Assignment Notebook each evening. Homework and other important information are placed in these.

Please take note to the days our class has P.E., and have your child wear tennis shoes on these days.

★HAPPY★
BIRTHDAY!

Jackson Whitaker (Aug. 26)

&

Colten Downs (Aug. 29)
