Top Stories of Room 501

What's Happening in Room 501?

We have been reading "Tuck Everlasting" which has helped our students identify characters and understand the changes that characters undergo during a book. We have also been discussing parts of the story such as setting and plot. These will help us in our next reading unit on comprehension.

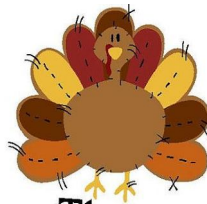

We are finishing our first research paper in writing and we are starting our unit on poetry.

In Math, we are dividing by 2 digit divisors. Then we will move on to multiplying and dividing decimals.

In social studies, we have been working on preparations for the field trip to the School of Economics. We

are to attend the field trip on November 2nd.

We are then moving on to the study of Native Americans. Everyone will research a Native American Tribe and create a project to share with the class.

Happy Thanksgiving

Field Trip – School of Economics

The jobs have been taken. The volunteers have been selected. The work has begun for our next field trip to the School of Economics in Blue Springs. Our students will be attending on November 2nd. We leave school at around 8:00 and then return around 2:10.

Students love this field trip because they get to participate in real life decision making and working environment . Students

are paid for their work hours and are given breaks to spend their “money” on their lunches and craft products sold by each store. The best part is that they are out there learning about what real life was in the times of early America and compare it to the present. I hope everyone enjoys this field trip, I know I will!!!!
