

# September News

## What's Happening This Month

- September 5<sup>th</sup>: PTO Meeting 6:45 pm
- September 21<sup>st</sup>: Library Field Trip

## A Note From Mrs. Logan

I have had a few parents ask how to know what days we have certain specials. On your child's calendar, in their folder, there is a key in the top left corner that explains when we have each special class. I have marked what day it is on each date of the calendar.

## A Peek At What We Are Learning

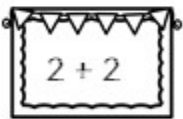

Reading

We will be working on recognizing different letters in the alphabet while reading various big books as well as identifying a period and what it means. We will also be learning about rhyming words.

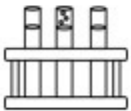

Writing

During writing students are working on drawing a picture and making their words match their picture. Students are doing a great job following our writing procedures. Soon they will be learning how to use their ABC chart.

Math

In Math students are learning about patterns. They will also begin learning to count, write and identify numbers 0-10.

Science

Students are learning about their five senses and apples.

Social Studies

Students are working on being a good friend and adjusting to our school and classroom rules and routines.

## Just a Reminder...

Please be sure you are checking your child's folder each night and talking with them about their day.
