

## **April and May News**

### **First Grade-Ms. Kelley**

**Spelling-** New spelling lists went home today. Spelling tests will be on Friday, April 28th.

**Reading-** Beginning next week 4/24-5/5, I will be assessing students individually for their end of year guided reading level. I will not be meeting with book clubs, so students will not be bringing home a new book to read. Please continue to read daily with your child.

**Writing-** We are working on writing opinion/persuasive writing. Please join us for our **Writer's Showcase on Thursday, April 27th at 6:00**. More details will be sent home soon from the office.

**Math-** In math we are working on measurement. Students will also be assessed on addition and subtraction within 100. Keep practicing these skills at home.

**Science-** We have been learning about the states of matter. On Friday, 4/21, we will do a special Earth day project.
