

Scholarship Listings

Updated 11/6/2017

Local scholarship applications are available in the counseling office in the scholarship files. The website is listed if there is an online application available. Please note that some applications may not be available until closer to the deadlines. Scholarship information/deadlines will be updated as they are received. It is the student's responsibility to pick up or download the scholarship application and complete the forms as instructed. Mrs. Twombly and Mrs. Ray are available to help you fill out applications. Typewriters and computers are available for student use in the OHS Counseling Office. Students are encouraged to utilize online applications if they are available.

Please pay attention to scholarship deadlines, requested materials (transcripts, essays, etc), and where to turn in the completed applications. If letters of recommendations are needed, please give individuals sufficient time to complete these (approximately two weeks).

Each college/university has their own individual scholarships for incoming freshman. Please check your prospective college/university's financial aid website for more information.
