OMS Newsletter

November 2022

OMS Students, Families, and Staff,

A huge thank you to our PTO for providing a mechanical pencil to all students on Halloween! This was a fun and useful treat for our students.

With the start of 2nd quarter, students have gotten to switch to their new round of exploratory classes. Some students have switched Art and FACS, while others have gotten to switch to Road to Fame, STEM, Health, or Computer Literacy. Students always seem to look forward to these quarter class changes. It allows students opportunities with new experiences, peers and teachers.

One of our goals at OMS is to provide as many experiences as we can. We have some club opportunities available for our students this year. Mr. Doyle just finished fitness club, where he had two sections going. This was a favorite club for many kiddos! Currently we have these clubs open for our students: Rubik's cube club, Night Writers, Tabletop Games, Creative Writing Club, Magical Mythology Mondays, Harry Pottery Club, and The Page Turners PM. Please stop by the office for more information or to get a permission slip!

Yours in Education,

Mrs. Malizzi, OMS Principal

Great
season XC!!

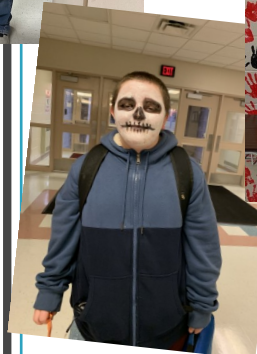

The Bulldog

Halloween Fun

We are never too big to wear a costume!

Dates of Interest:

November 4th: Picture Retakes
