October 2022

OMS Students, Families, and Staff,

A huge thank you to PTO for providing an ice cream treat to all students and staff last Friday during lunch! This was a great surprise for the students. The students were grateful for this kind gesture.

Parent/teacher conferences will be held October 18th from 4-7pm and October 20th from 1-7pm. Teachers have been calling families to set-up conferences. Our conferences are 15 minutes each and we encourage the students to attend the conferences. The teachers will be going over all the amazing things your kiddo is doing and going over any areas to improve upon. If you would like to schedule a conference please call the OMS office at 633-1500 and set-up a time that works best for you.

Last month our staff and students transformed one of our walls in the commons with red and black paint! Our theme for the year is #LeaveYourPrint. Mr. Baumann asked if we could have the 8th grade students put a handprint on the wall. Instead of just the 8th grade students, we had all students and staff leave their print! The students (and staff) had a great time with this building project. It was fun to listen to kids at the end of the day: there is my print, this is cool, I hope they leave it up forever! Below see the transformation of our wall. :)

Yours in Education,

Mrs. Malizzi, OMS Principal
